# AFTER SCHOOL CHILDCARE SERVICE OF THE YEAR

SUNRISE KIDS CLUB LTD

Going beyond mere supervision to create a vibrant and fun community hub for children from nursery to year six, Sunrise Kids Club (“SKC”) has gone from strength to strength since launching in 2013. SKC offers a comprehensive approach to childcare, providing breakfast, after-school and summer sessions to provide continuous support for families year-round. Upon entering SKC, children are greeted with a myriad of enriching activities designed to ignite their creativity, foster individuality and cultivate friendships, such as arts and crafts sessions, board game groups, imaginary play, sports and quizzes. Central to the SKC ethos is the cultivation of independence, resilience and overall wellbeing.

The judges praised the quality of care and instruction offered to children by the experienced and qualified staff. Skilled team members serve as mentors and role models, guiding children through challenges, celebrating achievements and nurturing their unique abilities. Through positive reinforcement and individualised attention, SKC empowers each child to thrive in a safe, caring and inclusive environment, making every day at SKC an adventure filled with laughter, learning and endless possibilities. With a dedication to nurturing growth and shaping bright futures, SKC stands as a testament to the transformative power of quality childcare.

“  
*Sunrise Kids Club provides exceptional childcare with enriching activities, nurturing staff and a safe, inclusive environment for children to thrive.*
